Abstracts

In 2023, the sweet spreads category experienced another year of positive growth, both in volume and value terms. Jam and preserves and especially nut and seed based spreads put in strong performances during the year. One of the main factors behind this growth was the trend towards purchasing baked bread products through street stalls/kiosks, in which vendors tend to buy their jams from retail outlets and not from wholesale/foodservice sources.

Euromonitor International's Sweet Spreads in Indonesia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in directly informs our forecasts to 2028, clearly indicating how the market is expected to change.

Product coverage: Chocolate Spreads, Honey, Jams and Preserves, Nut and Seed Based Spreads.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
