Abstracts

In 2023, price increases across the sweet spreads will have a dampening effect on retail volume sales. Moreover, as the health and wellness trend in Israel continues apace, many local consumers are less inclined to indulge in sweet spreads, which are often regarded as unhealthy because of their high sugar content. An exception to this is honey, which continues to benefit from its immune-boosting properties in the wake of the COVID-19 pandemic. Honey had been intended to be included in import ref...
