Abstracts

Despite maintaining retail volume growth throughout the pandemic and its aftermath, sweet spreads is set to turn to slight decline in 2023, although dynamic current value growth is still expected, due to price rises. Apart from the rising price of sweet spreads, the main reason for the expectation of decline in sweet spreads in 2023 is that rising wheat prices have resulted in exceptionally strong increases in the price of bread – of over 20%. As a result, consumers have reduced the quantity of...
