## Abstracts

Sweet spreads registered static retail volume growth in 2023 as the category continued to experience a rebalancing of growth rates after the rollercoaster ride that volume sales were on earlier in the review period. Specifically, demand for sweet spreads increased significantly in 2020 at the peak of the COVID-19 pandemic before declining at a similar rate in 2021 as demand returned to pre-pandemic levels. One of the most important background trends underpinning these fluctuations is the strong...
