Abstracts

Unit volumes in sweet spreads packaging rose for the first time in well over a decade during 2020. COVID-19 led consumers to spend more time at home and eat more meals there. Some consumers purchased sweet spreads in bulk due to a fear of product shortages, but once it became clear that supply chains remained robust, purchasing patterns quickly normalised. Meanwhile, e-commerce emerged as a small, but significant, distribution channel for sweet spreads during 2020, with some manufacturers and on...
