## Abstracts

Within sweet spreads packaging, all product categories saw a spike in demand in their packaging unit volumes in 2020, with sales boosted by consumers spending a lot more time at home than usual, which was then followed by a dip into negative growth in 2021. This saw, for example, the packaging unit volumes of glass jars used in honey, the dominant pack type used in this product area, rising in 2020, but then falling in 2021. As well as sweet spreads being generally used more at breakfast time an...
