## Abstracts

Following the outbreak of COVID-19, with the Spanish authorities implementing lockdown measures throughout the country in order to curb the spread of the virus, this meant that consumers were spending much more time at home than usual, with many switching to working from home. As a result, bread paired with honey, jams and preserves, chocolate spreads or nut- and seed-based spreads became a popular snack or quick meal option for many consumers. Sweet spreads packaging therefore benefited from th...
