Abstracts

Overall, sweet spreads packaging recorded a clear upward spike in its unit volumes in 2020. The government-mandated lockdowns and closures of all consumer foodservice outlets for dine-in at various points during the year as key measures to control the spread of the COVID-19 virus led to higher retail sales of a wide range of packaged food products, including sweet spreads, as consumers resorted to preparing and eating more meals, including breakfast, and snacks at home. The sweet spreads pack ty...
