Abstracts

Nut and seed based spreads remained the largest category in sweet spreads packaging in retail unit volumes in 2022, recording positive growth in line with demand for these popular products in South Africa. These products are generally perceived as being both natural and healthy by local consumers, with health awareness rising, particularly since the pandemic, and parents looking for healthier snacks such as peanut butter for their children. This supported further demand for the dominant pack type...

Euromonitor International's Sweet Spreads Packaging in South Africa report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Product coverage: Chocolate Spreads, Honey, Jams and Preserves, Nut and Seed Based Spreads, Yeast-based Spreads.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
