Abstracts

Telenor will continue to invest in improving and expanding its mobile networks over the forecast period, focusing in particular on the rollout of 4G networks. An early mover advantage in the provision of 4G services will enable the company to strengthen its position as Norway's leading telecommunications operator. At the same time, it will continue to encourage its customers to migrate to so-called 'bundled mobile tariffs' with flat monthly fees. Around 62% of its customers subscribed to...
