Abstracts

The challenging economic landscape in Argentina during 2023 was characterised by a combination of negative GDP growth and soaring inflation rates, reaching triple digits for the first time in over three decades. These macroeconomic challenges were further exacerbated by factors such as the government's fiscal deficit and the country's obligations to repay its debt to international institutions like the International Monetary Fund. Despite these economic woes, there was a paradoxical effect on co...

Euromonitor International's Tissue and Hygiene in Argentina report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
