Abstracts

Sales in tissue and hygiene in Azerbaijan continued to be influenced by inflationary pressures in 2023, although inflation levels have started to slow compared to the previous year. However, costs still remain high for manufacturers, and consumers continue to show a degree of price-sensitivity. Within this environment, players are using promotional strategies to attract consumers, whilst aiming to remain price-competitive. These financial uncertainties are also bringing about the rise of small a...

Euromonitor International's Tissue and Hygiene in Azerbaijan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
