Abstracts

Tissue and hygiene registered solid retail volume growth in 2023, reflecting the strong consumer demand for tissue and hygiene in Ireland. Overall consumption has lowered compared to 2022 levels, as demand patterns normalised within the tissue and hygiene category. Retail adult incontinence performed particularly well in 2023, as acceptance and awareness surrounding these products continues to improve and more consumers use these products for mild incontinence. Retail tissue also continued to pe...

Euromonitor International's Tissue and Hygiene in Ireland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.
