Abstracts

The tissue and hygiene market was again recording positive growth in real value terms in Latin America in 2023. Nappies/diapers/pants is underperforming, with birth rates in some countries declining, and has even lost its spot as the biggest category regionally to toilet paper. Retail adult incontinence was seeing dynamic growth in 2023, helped by growing awareness of the condition and the products as well the taboo surrounding this issue continuing to diminish.

Euromonitor International's Tissue and Hygiene in Latin America global briefing offers an insight into to the size and shape of the tissue and hygiene market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within tissue and hygiene, analyses leading companies and brands, assesses the importance of private label and offers strategic analysis of major factors influencing the market - be they new product developments, economic/lifestyle/environmental influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.
