Abstracts

In 2023, tissue and hygiene in Morocco recorded double-digit retail value growth, driven by rising prices. The price of raw materials and consumer goods, in particular energy products, reached historic highs in 2022 and 2023. As a result of high inflation rates and the increase in prices, spending confidence declined, resulting in a significant drop in domestic demand. Consumers purchasing behaviour adapted in 2023, with many trading down and focusing on promotions and deals to obtain the most a...

Euromonitor International's Tissue and Hygiene in Morocco report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues.
