Abstracts

In 2023, the tissue and hygiene landscape in Peru registered positive retail value growth, while retail volume results were challenged by ongoing inflation. The increase in the prices of supplies, packaging and transportation has been a key challenge for competitors. As such, players on the landscape have made tactical decisions to help retain profit margins, including price promotions and shrinkflation; reducing units per packaging without lowering the price point.

Euromonitor International's Tissue and Hygiene in Peru report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Away-from-Home Tissue and Hygiene, Retail Tissue and Hygiene, Rx/Reimbursement adult incontinence, Total Tissue and Hygiene.
