Abstracts

While tissue and hygiene in Tunisia registered double-digit percentage current value growth, constant value growth was much more moderate, though still healthy. This was in spite of continuing high inflation and also slower growth in the economy, as Tunisia continued to grapple with persistent drought and external financing challenges, aligned with increasing debt.

Euromonitor International's Tissue and Hygiene in Tunisia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Away-from-Home Tissue and Hygiene, Retail Tissue and Hygiene, Rx/Reimbursement adult incontinence, Total Tissue and Hygiene.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
