Abstracts

High unit prices continued in tissue and hygiene in Uzbekistan in 2023, driven by ongoing geopolitical issues. Disruptions had been easing in the post-pandemic landscape, however, the onset of the Russia-Ukraine war created a new set of challenges. Notably, both global and local brands were forced to re-consider their production locations, logistics, and sourcing of raw materials, whilst also facing cost increases caused by inflationary pressures. Therefore, all these compounded issues continue...

Euromonitor International's Tissue and Hygiene in Uzbekistan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues.
