## Abstracts

Tobacco use remains somewhat limited in Angola, with cigarettes remaining the most popular category in 2022. Moreover, despite more stringent tobacco control legislation, attitudes towards tobacco remain relatively favourable, while cigarettes are largely affordable to most consumers. In 2022, the tobacco industry in Angola is performing well overall due to inflation levels decreasing, which means consumers now have stronger purchasing power and can afford a wider range of products once again.

Euromonitor International's Tobacco in Angola report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth.
