## Abstracts

Tobacco in China registered positive growth in volume and current value sales in 2018 thanks to new product developments and consumers' growing interest in premium and mid-priced products, driven by increasing disposable income. However, the market is still facing challenges, such as growing health awareness, stricter control of public area smoking and the nationwide health promotion plan, Plan of Health China 2030.

Euromonitor International's Tobacco in China report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2014-2018, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be the new legislative, distribution or pricing issues. Forecasts to 2023 illustrate how the market is set to change.

**Product coverage:** Cigarettes, Cigars, Cigarillos and Smoking Tobacco, Smokeless Tobacco, E-Vapour Products and Heated Tobacco.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
