## Abstracts

After a strong recovery in economic activity during 2021 with GDP growth of more than 7%, the performance of Morocco's economy stood at 1.3% in 2022 due to an unfavourable economic situation, especially for the agricultural sector, which was strongly affected by the rainfall deficit. The geopolitical context in Europe linked to the war in Ukraine continued to fuel the rise in commodity prices at the international level. These same tensions are also felt at the national level, with the increase i...
