Abstracts

The number of smokers continued to grow during 2016 following the trend from previous years. This happened despite widespread mass media advertisements regarding the harmful effects of smoking on health. The young population in Iran who face a complete ban on alcoholic drinks among other things often regarded smoking as one of few permitted amusements. The rapid rise of smoking tobacco (known as Ghalioun in Iran) during the review period was an example of this trend. It is worth mentioning that...
