## Abstracts

Additional duty increases in 2022 compounded increasing inflation. As a result, price-conscious local consumers are migrating toward more affordable products, such as economy cigarettes, or turning to illicit trade, which increased in 2022. Sales of e-vapour products registered growth due to the emergence of closed system single use products, which compete effectively with cigarettes on price and are widely available nationwide. Restrictions on international travel benefited domestic tobacco ret...

Euromonitor International's Tobacco in Ireland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be the new legislative, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.
