Abstracts

Increasing consumer awareness and modern lifestyles are creating more opportunities to increase category participation within home care. Busy lifestyles are encouraging consumers to choose products that reduce the usual time spent on completing a task, while some items have gained more presence thanks to their increasing availability. A number of drivers have boosted demand for toilet care, such as brand communication, increasing competition, additional scents and a new generation of consumers.

Euromonitor International's Toilet Care in Latin America global briefing offers an insight into to the size and shape of the Home Care market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within home care, analyses leading companies and brands and offers strategic analysis of major factors influencing the market - be they new product developments, packaging/ format /ingredients innovations, economic/lifestyle/environmental influences, distribution or retail pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
