Abstracts

As a result of increasing awareness of hygiene, more people are included in the demand for toilet paper. The usage of toilet paper is still too low in Turkey compared to western countries, but it is increasing every year. However, consumers are price sensitive and they mostly prefer the cheapest products. This increases the power of private label in this category. To compete with private label, companies are trying to keep prices low with multipacks, and by investing in advertising and new...

Euromonitor International's Away from Home Tissues and Hygiene in Turkey report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2005-2009, allowing you to identify the sectors driving growth.
