## Abstracts

Domestic tourism flows continued to perform moderately in 2013, with the number of trips growing by 1% to register 34 million. While leisure trips with free accommodation grew, leisure trips with paid accommodation and business trips in general within the country decreased. When looking at weekend trips with paid accommodation, Finns increasingly opted to stay in Estonia instead of domestic destinations. Estonia offered competitive prices for accommodation and other services.

Euromonitor International's Tourism Flows Domestic in Finland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth.
