Abstracts

Following the first year of volume growth in inbound arrivals in 2022, after a Coronavirus (COVID-19) pandemic that almost paralysed the travel industry worldwide, 2023 has seen further upward development in the number of international tourists in Germany. As a result, the number of inbound trips is set to move quite close to the number in 2019. As the global situation improves and the pandemic fades, travel restrictions have eased to a point where going abroad for tourism purposes is not a prob...

Euromonitor International's Tourism Flows in Germany report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.
