## Abstracts

Inbound arrivals (in terms of number of trips) continued to recover in 2023, having recorded triple-digit growth over the previous year. This followed the easing of all remaining international travel restrictions, including COVID-19 test requirements, which encouraged consumers to revive any travel plans that had been put on hold during the pandemic. Despite this, however, volumes remained below pre-pandemic levels. In 2023, the leading source of inbound arrivals was South Korea, with a signific...

Euromonitor International's Tourism Flows in Philippines report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.
