Abstracts

Over the forecast period, the number of outbound trips is predicted to decline compared to the review period, not only due to falling tourism but also due to increasing Venezuelan migration. Despite the increasing difficulties that Venezuelans encounter when trying to purchase flight tickets, since most carriers only deal in US dollars and more airlines will cease operations in the country, the number of outbound expatriates is likely to continue to rise if domestic conditions remain as they are...

Euromonitor International's Tourism Flows in Venezuela report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2013-2017, allowing you to identify the sectors driving growth.
