Abstracts

Arrivals continued to perform positively in 2013, with the number of trips growing by 1%. This was a significantly lower rate than the CAGR of 3% during the review period. This was partly due to growth of arrivals from Russia slowing down, but also due to arrivals from key source countries, such as Germany, Sweden and Estonia, registering a decline in 2013.

Euromonitor International's Tourism Flows Inbound in Finland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth.
