Abstracts

Thanks to rising disposable incomes, growing affluence, ongoing improvements in living standards and a growing middle class, the number of people visiting tourist attractions in 2013 continued to rise, with steady growth also in current value terms. More Chinese consumers pursued relaxation through travelling, while visiting tourist attractions was normally their first priority when travelling. Meanwhile, huge support from the Chinese government through large-scale state assistance and...

Euromonitor International's Tourist Attractions in China report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth.
