Abstracts

2013 tourist attractions rose in performance based on new attractions and new legislation in Singapore. As Sentosa and Mandai district (Western-part of Singapore) expanded with new nature-themed attractions like River Safari, tourist attractions experienced stronger growth in 2013 as compared to 2012. In addition, domestic tourists were driven to visit museums as the government announced the "Free museum admission" policy for all Singapore citizens and permanent residents in May 2013.

Euromonitor International's Tourist Attractions in Singapore report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2018 illustrate how the market is set to change.

Product coverage: Tourist Attractions by Category, Tourist Attractions by Channel.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
