Abstracts

Both coffee and tea face major sustainability challenges in the years ahead. Producers will need to reduce the environmental impact of their products throughout their lifespans, as well as prepare mitigation measures, as climate change threatens the stability of supply chains.

Euromonitor International's Towards a More Sustainable Coffee and Tea Industry global briefing offers an insight into to the size and shape of the Hot Drinks market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success. The analysis can focus on both retail and foodservice.

Product coverage: Coffee, Other Hot Drinks, Tea.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
