Abstracts

Toys and games continued to see strong growth in current value terms in South Africa in 2022, backed by an uptick in economic activity and the easing of COVID-19 control measures. Both traditional toys and games and video games saw slightly stronger growth in current value terms in 2022 compared to 2021. However, this stronger growth was largely due to the effects of inflation rather than an increase in demand. The lingering impact of the pandemic combined with the global impact of Russia's inva...

Euromonitor International's Toys and Games in South Africa report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth.
