Abstracts

Since the pandemic, many South Africans have shifted towards making purchasing decisions based on their changing lifestyles, including the adoption of healthier habits. Connected watches have continued to experience dynamic demand, with consumers purchasing smart wearables and digital activity watches to track their health journeys by monitoring their footsteps, measuring their heartbeat and recording their exercise workouts. An increasing number of consumers have also become more aware of their...

Euromonitor International's Traditional and Connected Watches in South Africa report offers a comprehensive guide to the size and shape of the market at a national level.
