Abstracts

Following two years of sales growth during home seclusion, construction was the most dynamic performer within traditional toys and games in 2022, recording double-digit current value growth. Despite an easing of restrictions over the year, consumers in the United Arab Emirates continued to spend significant time at home, and for entertainment purposes many of them purchased construction-related goods. Dominant construction brand Lego remained particularly popular with families, driven by parents...

Euromonitor International's Traditional Toys and Games in United Arab Emirates report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth.
