## Abstracts

The industry's growth spiked in 2018, driven by expansion and transformation of Saudi Arabia's economy. Firstly, 28% higher international oil prices revived the ailing economy, which had struggled due to a previous decrease in the oil prices. Secondly, the country's government accelerated development of the non-oil and private sectors via initiatives such as "Saudi Vision 2030", aimed at industrialisation and diversification of the domestic economy. This in particular affected the manufacturing...
