## Abstracts

In 2020, India's transport and storage industry contracted sharply, affected by strict lockdown restrictions and other impacts of the COVID-19 pandemic. Due to restrictions on cross-border movement, supply chains were disrupted and the availability of drivers was affected, leading to revenue contraction in the logistics industry. Water and rail freight traffic was also negatively impacted by the macroeconomic slowdown, with the sharpest contraction among the industry's segments, as freight volum...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Transport and Storage market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.
