Abstracts

The overall slowdown in Italy's economy had a profound impact on the transport and storage industry in 2019. The slowdown in growth can be attributed mainly to a reduction in demand due to international trade tensions and a slowdown in economic activity in China and Europe, where the main transport hubs for Italian companies are situated.

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Transport and Storage market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.

Product coverage: Air Transport, Cargo Handling, Warehousing and Travel Agencies, Post and Courier Services, Road Passenger and Freight Transport, Transport via Pipelines, Transport via Railways, Water Transport.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
