## Abstracts

The industry's growth slowed in 2018, as the sluggish Japanese economy and exports constrained revenue growth for cargo transport and related services. During the year, Japan faced subdued demand from external economies, especially China, which was engaged in a trade dispute with the US and slower imports of Japanese components, equipment and other goods. Stagnating exports also negatively impacted the overall domestic economy with businesses cutting back investments and consumers abstaining from...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Transport and Storage market at a national level.
