Abstracts

Saudi Arabian logistics activities showed robust growth in 2018 due to the country's recovering and transforming economy. The economy began to grow during 2018, thanks to a hike in global oil prices. Non-oil GDP also expanded, thanks to the government's sweeping initiatives such as "Saudi Vision 2030" and National Transformation Programme 2020, aimed at reducing the country's reliance on oil and promoting private sector growth. This led to increased manufacturing and industrial activities, as we...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Transport and Storage market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
