Abstracts

Transportation registered 13% current value growth in 2013. Offline sales showed very positive development and reached €105 million in 2013, while online transportation sales followed the trend to register growth as well, reaching €181 million. Online sales are growing first of all due to easy access and accessibility as well as the online channel allowing the buyer to compare many different ways and prices of transportation and choose the most appropriate one. Another reason for such growth is...
