## Abstracts

The strong growth for air transportation, in particular low-cost carriers, had the highest impact on transportation in 2013. According to the Ministry of Land, Infrastructure and Transport, 2013 marked a record-high point for air transportation both internationally and domestically. Rapid rise of Chinese inbound tourism, expansion of new overseas routes for low-cost carriers and continued increase of FIT travellers contributed to the ever-high demand for international flights. Jeju Island's...

Euromonitor International's Transportation in South Korea report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues.
