Abstracts

The travel industry is undergoing significant changes influenced by various factors and the aftermath of the pandemic. Airlines, hotels, travel agents, and the tourism industry in Chile have all experienced shifts in trends and customer preferences. Airlines face challenges such as cost structure adjustments and skilled labour shortages, leading to potentially higher flight prices in the medium term. Strategic alliances between airlines aim to strengthen connectivity and regional economies. Sust...

Euromonitor International's Travel in Chile report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.
