Abstracts

The initial impact of COVID-19 in Guatemala began in early March as the government swiftly responded to positive cases with a national lockdown. Government-enforced restrictions quickly shut down land borders as well as air travel, with no foreigners allowed entry except for emergency cases and diplomats. All public events and gatherings were prohibited, with the traditional Semana Santa (Holy Week) celebration cancelled in April as well. All non-essential businesses were mandated to shut with m...

Euromonitor International's Travel in Guatemala report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2015-2019, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. AIRLINES

Key Data Findings

2020 Impact

As planes were grounded and most flights were cancelled in 2020, airlines called for financial support to survive the pandemic

The recovery of leisurely travel off to a slow start in 2020 as airlines cut routes and strict social distancing requirements challenge operations

Recovery and Opportunities

Guatemala is expected to resume its efforts of improving connectivity by adding new flights and routes with a focus on low-cost carriers

Over the forecast period, Guatemala is likely to focus on expanding domestic routes and improving smaller airports' infrastructure
