Abstracts

Travel in Malaysia continues on a strong path to recovery boosted by the end of the pandemic and a strong desire to travel again. There has been a significant increase in international travel thanks to the lifting of restrictions and COVID-19 related entry requirements. Nonetheless, inbound arrivals and outbound departures remain well below pre-pandemic levels despite the significant recovery seen in 2022 and 2023.

Euromonitor International's Travel in Malaysia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.
