## Abstracts

The impact of COVID-19 on the Maldives began in early February with the suspension of flights between the Maldives and mainland China, followed by bans on the entry of travellers from other affected countries in March and most importantly, national lockdown on 17 April. As countries across the globe locked down, inbound arrivals to the Maldives plummeted, as key source markets such as China, India, France, Italy, Spain, the UK and parts of Germany were severely affected by COVID-19.

Euromonitor International's Travel in Maldives report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2015-2019, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2024 illustrate how the market is set to change.
