## Abstracts

Tajikistan is highly reliant on active tourism, which makes it dependent on the development of infrastructure in rural areas. Considering it is mountainous, getting to different parts of the country can be very complicated and any development in infrastructure results in a very quick and positive response from the travel industry. In 2014, such developments were the core of the positive tourism performance in Tajikistan.

Euromonitor International's Travel in Tajikistan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2010-2014, allowing you to identify the sectors driving growth.
