## Abstracts

COVID-19 disrupted the recovery of travel in Tunisia following terrorist attacks in 2015 and several recent incidents, which negatively affected the inflow of tourists. It is still difficult to accurately gauge the extent of COVID-19's impact on the number of arrivals to Tunisia, as returning nationals were stamped into the country in the same way as foreign tourists. COVID-19 containment measures brought international travel to a standstill, stopping tourists entering Tunisia between from 16 Ma...

Euromonitor International's Travel in Tunisia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2015-2019, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues.
