Abstracts

Two groups are contributing the most to growth of inbound travel to the UK in 2023. Visitors from the US continue to rise strongly in numbers in 2023, following considerable traffic the previous year. While they were early to take advantage of the lifting of COVID-19 restrictions, arrivals from the US have also been driven by the relative strength of the US dollar. Scotland is increasingly seen as an attractive destination for the US market with the strongest growth rates seen when pairing US vi...

Euromonitor International's Travel in United Kingdom report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Booking, In-Destination Spending, Lodging (Destination), Tourism Flows, Travel Modes.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
